### NOTES:

The Location Summary identifies the center of the smallest ring in the map above. The location data provides various types of identification to better describe the location. The GIS data can be used to map the location in Google maps or Google Earth.

The numbers in the Evangelscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity. This community needs eternal transformation that only comes by way of the gospel and the working of the Holy Spirit.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the focus community.

Location Composition: Listed are the total number of people and the total number of households corresponding to each of the three bands indicated on the map on page one.

Cultural bridges are those characteristics that could be used to build relationships with people in the lifestyle group. Various activities, interests, or opinions represented among the consumer behavior characteristics of the lifestyle group offer ways for believers to build relationships with people in the lifestyle group and through that relationship impact them for Christ.

## Acts 10:9-10

During the night a vision appeared to Paul: a Macedonian man was standing and pleading with him, "Cross over to Macedonia and help us!" After he had seen the vision, we immediately made efforts to set out for Macedonia, concluding that God had called us to evangelize them.

## Top Community Types

Households: 5,226  
Percent: 56.91%

### Upscale Communities

As the wealthiest households in the nation, upscale communities boast high household incomes, significant home values and top educational achievements. Households in these exclusive suburban neighborhoods are headed by predominantly white, college educated, Baby Boomer parents. Most work as executives and white collar professionals. They are active members of the community in business clubs, environmental groups and the arts. For upscale community households, disposable income is at a peak. These families enjoy large homes, comfortable lifestyles and shopping for the latest high-tech electronics.

Households: 2,253  
Percent: 24.53%

### Aspiring Communities

Young, ambitious and culturally diverse, they are the evolving voice of American society. Truth is centered around "me" and everything is interconnected. The majority of people in this group are between the ages of 18 and 34. Sixty percent are renting singles; others live on military bases or in college dorms. They are four times more likely to be unemployed. Of those who work, most live in or conveniently close to metropolitan areas. Career builders who enjoy a moderate income in middle management, they thrive within the IT, sales, administration, education and health care professions.

Households: 834  
Percent: 9.08%

### Mainstay Communities

The backbone of small towns and second cities, Mainstay Communities are established neighborhoods where residents enjoy strong relational ties. These moderately educated wage earners are employed in well-paying blue collar and professional service jobs. The aging adult population consists of retired American singles and couples. A sense of belonging within the community is a key identity factor for those who live there. Outside the nation's larger metro areas, residents can savor the familiarity of the small town cafe, or venture into the city to frequent comedy clubs, nightclubs and malls.

## Top Lifestyle Segments

### Urban Commuter Families

(67% Unreached)

Not all families have fled the nation's cities for the far-out suburbs. In Urban Commuter Families, Baby Boomer families and couples are content to live in comfortable, single detached homes in city neighborhoods on the metro fringe. Many of these upscale, college-educated households contain dual-income couples who put in long hours as professionals and managers in retail, health care and education services.

Households: 2,462  
Percent: 26.81%

### Small-town Success

(69% Unreached)

Small-town Success is typically home to the families of the most prominent citizens in their exurban communities. White-collar, college educated and upscale, they live in recently developed subdivisions outside the nation's beltways in the Midwest and West. Most of these households contain white, middle-aged working couples who have positions as executives and professionals in health care, retail and education.

Households: 1,496  
Percent: 16.29%

### Young Cosmopolitans

(78% Unreached)

Young Cosmopolitans is a collection of households where many adults are under 35 years old, single and earning above average incomes as white-collar professionals, managers and executives. In their fast-growing cities- including a number of college towns-these upscale young people live in luxury apartments and condos, commuting to work in sporty subcompacts. Nearly half hold college degrees, and they are almost twice the average for grad degrees.
