Acts 10:9-10

During the night a vision appeared to Paul: a Macedonian man was standing and pleading with him, "Cross over to Macedonia and help us!" After he had seen the vision, we immediately made efforts to set out for Macedonia, concluding that God had called us to evangelize them.

Top Community Types

Working Communities

Most residents are high school educated; some have even been to college. Their education affords them lower middle incomes through blue collar jobs in manufacturing, construction, health services, retail, wholesale and food service that provide a stable household economy supporting personal and family pursuits in everyday life. This ethnically diverse mix of single and married homeowners dwells in densely populated areas and small-town suburbs. Adherence to traditional family values and resistance to authority are key aspects of their psychological nature.

Mainstay Communities

The backbone of small towns and second cities, Mainstay Communities are established neighborhoods where residents enjoy strong relational ties. These moderately educated wage earners are employed in well-paying blue collar and professional service jobs. The aging adult population consists of retired American singles and couples. A sense of belonging within the community is a key identity factor for those who live there. Outside the nation's larger metro areas, residents can savor the familiarity of the small town cafe, or venture into the city to frequent comedy clubs, nightclubs and malls.

Households: 627
Percent: 7.2%

Urban Communities

The people are poor, struggling and largely single. Some are single parents with large families. Unemployment is double the national average. For the minority families in Urban Communities, struggling to balance priorities and budgets in a climate of institutional prejudice creates a lack of stability and control. Residing within major metropolitan cities and towns, most households live in apartments. Those who drive choose economy, import, and domestic cars or small trucks. This group finds employment within food and health services, education, retail, and the entertainment industry.
