NOTES:

The Communities Summary identifies the top three types of communities in the zip code, the number of households, and the percent of the zip code. Communities are comprised of multiple lifestyle segments.

The Lifestyle Summary identifies the top six lifestyle segments in the zip code, the number of households, percent of the zip code households, and the percent of households that are unreached. Lifestyle Segments are individual groups of people with similar living preferences and patterns.

The numbers in the Evangelscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity. This community needs eternal transformation that only comes by way of the gospel and the working of the Holy Spirit.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the focus community.

Location Composition: Listed are the total number of people and the total number of households in the county.

Cultural bridges are those characteristics that could be used to build relationships with people in the lifestyle group. Various activities, interests, or opinions represented among the consumer behavior characteristics of the lifestyle group offer ways for believers to build relationships with people in the lifestyle group and through that relationship impact them for Christ.

Rev. 5:9

And they sang a new song, saying: "You are worthy to take the scroll and to open its seals, because you were slain, and with your blood you purchased for God persons from every tribe and people and language and people and nation."

Households: 7,098
Percent: 46.17%

Upscale Communities

As the wealthiest households in the nation, upscale communities boast high household incomes, significant home values and top educational achievements. Households in these exclusive suburban neighborhoods are headed by predominantly white, college educated, Baby Boom parents. Most adults work as executives and white collar professionals. They are active members of the community in business clubs, environmental groups and the arts.

Households: 3,429
Percent: 22.3%

Working Communities

Most residents of Working Communities are high school educated. Some have even been to college. Their education affords them lower middle incomes through blue collar jobs in manufacturing, construction, health services, retail, wholesale and food service. These jobs provide a stable household economy supporting personal and family pursuits in everyday life. This ethnically diverse mix of single and married homeowners dwells in densely populated areas and small-town suburbs.

Households: 3,126
Percent: 20.33%

Aspiring Communities

Young, ambitious and culturally diverse, they are the evolving voice of American society. In Aspiring Communities, truth is centered around "me" and everything is interconnected. The majority of people in this group are between the ages of 18 – 34. Sixty percent are renting singles; others live on military bases or in college dorms. Members of Aspiring Communities are four times more likely to be unemployed. Of those who work, most live in or conveniently close to metropolitan areas.

Top Lifestyle Segments in Zipcode 49508

Urban Commuter Families (67% Unreached)

Not all families have fled the nation's cities for the far-out suburbs. In Urban Commuter Families, Baby Boomer families and couples are content to live in comfortable, single detached homes in city neighborhoods on the metro fringe. Many of these upscale, college-educated households contain dual-income couples who put in long hours as professionals and managers in retail, health care and education services.

Households: 2,588
Percent: 16.83%

Successful Suburbia (75% Unreached)

The households in Successful Suburbia are located primarily in East Coast towns on the metro fringe. Predominantly white and college educated, these middle-aged couples and families have settled in upscale homes built around 1985. These homeowners earn relatively high incomes from a combination of management and professional jobs in health care, retail and manufacturing. This cluster is a haven for married couples with children.

Households: 2,343
Percent: 15.24%

Steadfast Conservatives (69% Unreached)

A quietly aging cluster, Steadfast Conservatives is home to mature singles and couples living in midscale urban neighborhoods. Households tend to be white, high school-educated and middle class. Many have begun to empty-nest or are already filled with couples and singles aged 65 years or older. The seniority of many residents does have benefits in the workplace. They earn middle class incomes from skilled jobs in manufacturing, retail and health.

Households: 2,304

Stable Careers (72% Unreached)

Stable Careers is a collection of young and ethnically diverse singles living in big-city metros as Los Angeles, CA, Philadelphia, PA and Miami, FL. A quarter of the households are of Hispanic and Asian and are slightly less affluent than others dominated by Generation Y residents. More than half of households have gone to college and most have landed white-collar jobs in retail, health services and professional offices.

Households: 1,832
Percent: 11.92%

Small-town Success (69% Unreached)

Small-town Success is typically home to the families of the most prominent citizens in their exurban communities. White-collar, college educated and upscale, they live in recently developed subdivisions outside the nation's beltways in the Midwest and West. Most of these households contain white, middle-aged working couples who have positions as executives and professionals in health care, retail and education.

Households: 1,543
Percent: 10.04%

Moderate Conventionalists (67% Unreached)

With many key demographic measures close to the national average-including age, income and education- members of Moderate Conventionalists epitomize average Americans. Scattered throughout second-tier cities in the Midwest and West Coast, these singles and couples tend to live in modest homes, semi-detached houses and apartments. Most have completed high school or some college and hold well-paying blue-collar and white-collar jobs.
