NOTES:

The Communities Summary identifies the top three types of communities in the zip code, the number of households, and the percent of the zip code. Communities are comprised of multiple lifestyle segments.

The Lifestyle Summary identifies the top six lifestyle segments in the zip code, the number of households, percent of the zip code households, and the percent of households that are unreached. Lifestyle Segments are individual groups of people with similar living preferences and patterns.

The numbers in the Evangelscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity. This community needs eternal transformation that only comes by way of the gospel and the working of the Holy Spirit.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the focus community.

Location Composition: Listed are the total number of people and the total number of households in the county.

Cultural bridges are those characteristics that could be used to build relationships with people in the lifestyle group. Various activities, interests, or opinions represented among the consumer behavior characteristics of the lifestyle group offer ways for believers to build relationships with people in the lifestyle group and through that relationship impact them for Christ.

Aspiring Communities

Young, ambitious and culturally diverse, they are the evolving voice of American society. In Aspiring Communities, truth is centered around "me" and everything is interconnected. The majority of people in this group are between the ages of 18 – 34. Sixty percent are renting singles; others live on military bases or in college dorms. Members of Aspiring Communities are four times more likely to be unemployed. Of those who work, most live in or conveniently close to metropolitan areas.

Households: 1,593
Percent: 41.27%

Upscale Communities

As the wealthiest households in the nation, upscale communities boast high household incomes, significant home values and top educational achievements. Households in these exclusive suburban neighborhoods are headed by predominantly white, college educated, Baby Boom parents. Most adults work as executives and white collar professionals. They are active members of the community in business clubs, environmental groups and the arts.

Top Lifestyle Segments in Zipcode 80424

Young Cosmopolitans

(78% Unreached)

Young Cosmopolitans is a collection of households where many adults are under 35 years old, single and earning above average incomes as white-collar professionals, managers and executives. In their fast-growing cities- including a number of college towns-these upscale young people live in luxury apartments and condos, commuting to work in sporty subcompacts. Nearly half hold college degrees, and they are almost twice the average for grad degrees.

Households: 2,245

Percent: 58.16%

Status-conscious Consumer

(70% Unreached)

A haven for big spenders, Status-conscious Consumers is a cluster of new suburban neighborhoods within a manageable commute to well-paying city jobs. Predominantly white and Asian, these middle-aged Baby Boomer households have turned their college educations into lucrative executive positions in information, finance and other managerial professions. Most of the adults live as couples or in households with few children.

Households: 732

Percent: 18.96%

New Suburbia Families

(68% Unreached)

Young couples with pre-school children have turned New Suburbia Families into a booming lifestyle. Concentrated in fast-growing, metro fringe communities mainly in the West and Southwest, the segment's population has more than tripled since 1990. With many households under 35 years old, these young families are making the most of their new subdivisions. More than half the housing has a median value worth nearly 50 percent above the U.S. average.

Small-town Success

(69% Unreached)

Small-town Success is typically home to the families of the most prominent citizens in their exurban communities. White-collar, college educated and upscale, they live in recently developed subdivisions outside the nation's beltways in the Midwest and West. Most of these households contain white, middle-aged working couples who have positions as executives and professionals in health care, retail and education.

Households: 130

Percent: 3.37%

Urban Commuter Families

(67% Unreached)

Not all families have fled the nation's cities for the far-out suburbs. In Urban Commuter Families, Baby Boomer families and couples are content to live in comfortable, single detached homes in city neighborhoods on the metro fringe. Many of these upscale, college-educated households contain dual-income couples who put in long hours as professionals and managers in retail, health care and education services.

Households: 104

Percent: 2.69%

Aspiring Hispania

(67% Unreached)

A cluster of urban gateway communities, Aspiring Hispania is the first stop for many relatively young Hispanics striving for better lives in America. More than half the residents are Hispanic and split fairly evenly between married and single households. Many of these newcomers have large families and feel squeezed between high rents and lower-middle-class incomes. With their modest educations-more than one-quarter have not completed high school.
