NOTES:

The Communities Summary identifies the top three types of communities in the county, the number of households, and the percent of the county.

The Lifestyle Summary identifies the top six lifestyle segments in the county, the number of households, percent of the county households, and the percent of households that are unreached.

The numbers in the Evangscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the county. The last three items provide the household percent that is "affiliated" with the top religious groups. "Other World Religions" include religions other than Islam, Hinduism, Buddhism, and Christianity.

Location Composition: Listed are the total number of people and the total number of households in the county.

Race/Ethnicity gives the population count and percentage of population for each of the race / ethnicity categories. The language section gives the population count age 5 yrs+ that speaks the language at home.

Urban Communities

The people are poor, struggling and largely single. Some are single parents with large families; most have below-average incomes. Unemployment is double the national average. For the African-American and Hispanic families in Urban Communities, struggling to balance priorities and budgets in a climate of institutional prejudice creates a lack of stability and control. Residing within major metropolitan cities and towns, most households live in apartments.

Households: 4,119
Percent: 21.41%

Aspiring Communities

Young, ambitious and culturally diverse, they are the evolving voice of American society. In Aspiring Communities, truth is centered around "me" and everything is interconnected. The majority of people in this group are between the ages of 18 – 34. Sixty percent are renting singles; others live on military bases or in college dorms. Members of Aspiring Communities are four times more likely to be unemployed. Of those who work, most live in or conveniently close to metropolitan areas.

Households: 3,565
Percent: 18.53%

Upscale Communities

As the wealthiest households in the nation, upscale communities boast high household incomes, significant home values and top educational achievements. Households in these exclusive suburban neighborhoods are headed by predominantly white, college educated, Baby Boom parents. Most adults work as executives and white collar professionals. They are active members of the community in business clubs, environmental groups and the arts.

Top Lifestyle Segments

Households: 3,848
Percent: 20.01%

Struggling City Centers (68% Unreached)

Struggling City Centers consists of very low-income households living in city neighborhoods. Home to the highest concentration of African-Americans in the nation-nearly 90 percent of all households-the cluster faces hard economic challenges. One-third of households haven't finished high school, with a similar percentage containing single-parent families. One in five adults are under 35 years old and the median household income is only half the national average.

Households: 3,842
Percent: 19.97%

Minority Metro Communities (74% Unreached)

Minority Metro Communities reflects the nation's growing African-American middle class. With nearly three-quarters of the residents African-American and half the households earning more than \$50,000, this cluster is a testament to high educational achievement and professional employment among African-Americans. Concentrated in inner-ring suburbs, these households earn above-average incomes from a mix of service industry and white-collar jobs.

Households: 1,489
Percent: 7.74%

Urban Commuter Families (67% Unreached)

Not all families have fled the nation's cities for the far-out suburbs. In Urban Commuter Families, Baby Boomer families and couples are content to live in comfortable, single detached homes in city neighborhoods on the metro fringe. Many of these upscale, college-educated households contain dual-income couples who put in long hours as professionals and managers in retail, health care and education services.
