NOTES:

The Communities Summary identifies the top three types of communities in the zip code, the number of households, and the percent of the zip code. Communities are comprised of multiple lifestyle segments.

The Lifestyle Summary identifies the top six lifestyle segments in the zip code, the number of households, percent of the zip code households, and the percent of households that are unreached. Lifestyle Segments are individual groups of people with similar living preferences and patterns.

The numbers in the Evangelscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity. This community needs eternal transformation that only comes by way of the gospel and the working of the Holy Spirit.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the focus community.

Location Composition: Listed are the total number of people and the total number of households in the county.

Cultural bridges are those characteristics that could be used to build relationships with people in the lifestyle group. Various activities, interests, or opinions represented among the consumer behavior characteristics of the lifestyle group offer ways for believers to build relationships with people in the lifestyle group and through that relationship impact them for Christ.

Aspiring Communities

Young, ambitious and culturally diverse, they are the evolving voice of American society. In Aspiring Communities, truth is centered around "me" and everything is interconnected. The majority of people in this group are between the ages of 18 – 34. Sixty percent are renting singles; others live on military bases or in college dorms. Members of Aspiring Communities are four times more likely to be unemployed. Of those who work, most live in or conveniently close to metropolitan areas.

Upscale Communities

As the wealthiest households in the nation, upscale communities boast high household incomes, significant home values and top educational achievements. Households in these exclusive suburban neighborhoods are headed by predominantly white, college educated, Baby Boom parents. Most adults work as executives and white collar professionals. They are active members of the community in business clubs, environmental groups and the arts.

Urban Communities

The people are poor, struggling and largely single. Some are single parents with large families; most have below-average incomes. Unemployment is double the national average. For the African-American and Hispanic families in Urban Communities, struggling to balance priorities and budgets in a climate of institutional prejudice creates a lack of stability and control. Residing within major metropolitan cities and towns, most households live in apartments.

Top Lifestyle Segments in Zipcode 29118

Minority Metro Communities (74% Unreached)

Minority Metro Communities reflects the nation's growing African-American middle class. With nearly three-quarters of the residents African-American and half the households earning more than \$50,000, this cluster is a testament to high educational achievement and professional employment among African-Americans. Concentrated in inner-ring suburbs, these households earn above-average incomes from a mix of service industry and white-collar jobs.

Households: 3,367
Percent: 61.78%

Struggling City Centers (68% Unreached)

Struggling City Centers consists of very low-income households living in city neighborhoods. Home to the highest concentration of African-Americans in the nation-nearly 90 percent of all households-the cluster faces hard economic challenges. One-third of households haven't finished high school, with a similar percentage containing single-parent families. One in five adults are under 35 years old and the median household income is only half the national average.

Households: 617
Percent: 11.32%

America's Wealthiest (80% Unreached)

America's Wealthiest consists of the nation's most affluent households found in well established suburban communities. With incomes well above the national average, residents represent both old and new wealth, enjoying very comfortable lifestyles and the finer things in life. These households are more than six times likely to be earning \$250,000 or more. Most of the adults are married, middle aged, college educated and predominantly white.

Households: 376
Percent: 6.9%

Non-Evangelical but NOT Interested	2,141	39.28%

Small-town Success (69% Unreached)

Small-town Success is typically home to the families of the most prominent citizens in their exurban communities. White-collar, college educated and upscale, they live in recently developed subdivisions outside the nation's beltways in the Midwest and West. Most of these households contain white, middle-aged working couples who have positions as executives and professionals in health care, retail and education.

Households: 294
Percent: 5.39%

Dream Weavers (72% Unreached)

Dream Weavers is home to well-off families living an affluent, suburban version of the American Dream. Ranked second in terms of wealth, they live in new-money subdivisions, possess high incomes, have college degrees and own large houses valued at more than twice the national average. Many households contain families with school-aged children-no segment has a higher rate of married residents-and more than half contain dual-income couples.

Households: 200
Percent: 3.67%

African-American Neighborhoods (70% Unreached)

Young, working-class city dwellers make up African-American Neighborhoods. About three-quarters of the households are African-American and one in four adults is under 35 years old. This is an economically challenged area characterized by relatively high unemployment, low educational levels and single-parent families. A majority of residents have completed high school or some college, and most are earning their paychecks through jobs in health, education and food service.

Households: 195
Percent: 3.58%
