NOTES:

The Communities Summary identifies the top three types of communities in the zip code, the number of households, and the percent of the zip code. Communities are comprised of multiple lifestyle segments.

The Lifestyle Summary identifies the top six lifestyle segments in the zip code, the number of households, percent of the zip code households, and the percent of households that are unreached. Lifestyle Segments are individual groups of people with similar living preferences and patterns.

The numbers in the Evangelscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity. This community needs eternal transformation that only comes by way of the gospel and the working of the Holy Spirit.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the focus community.

Location Composition: Listed are the total number of people and the total number of households in the county.

Cultural bridges are those characteristics that could be used to build relationships with people in the lifestyle group. Various activities, interests, or opinions represented among the consumer behavior characteristics of the lifestyle group offer ways for believers to build relationships with people in the lifestyle group and through that relationship impact them for Christ.

Rev. 5:9

And they sang a new song, saying: "You are worthy to take the scroll and to open its seals, because you were slain, and with your blood you purchased for God persons from every tribe and people and language and people and nation."

Aspiring Communities

Young, ambitious and culturally diverse, they are the evolving voice of American society. In Aspiring Communities, truth is centered around "me" and everything is interconnected. The majority of people in this group are between the ages of 18 – 34. Sixty percent are renting singles; others live on military bases or in college dorms. Members of Aspiring Communities are four times more likely to be unemployed. Of those who work, most live in or conveniently close to metropolitan areas.

Households: 136
Percent: 32.85%

Country Communities

Land, family and community are central to the day-to-day lives of the people in these farming and mining communities. They work hard to provide a steady, peaceful family life through farming, agriculture, education, mining and service industries.

With low levels of education, these primarily white family households earn wages in the lower middle income bracket. Residents live in single-family homes, mobile homes or trailers in rural tracts and neighborhoods.

Households: 22
Percent: 5.31%

Mainstay Communities

The backbone of small towns and second cities, Mainstay Communities are established neighborhoods where residents enjoy strong relational ties. These moderately educated wage earners are employed in well-paying blue collar and professional service jobs. The aging adult population consists of retired American singles and couples. A sense of belonging within the community is a key identity factor for those who live there. Residents go into the city to visit clubs and malls.

Top Lifestyle Segments in Zipcode 29639

Minority Metro Communities (74% Unreached)

Minority Metro Communities reflects the nation's growing African-American middle class. With nearly three-quarters of the residents African-American and half the households earning more than \$50,000, this cluster is a testament to high educational achievement and professional employment among African-Americans. Concentrated in inner-ring suburbs, these households earn above-average incomes from a mix of service industry and white-collar jobs.

Households: 226
Percent: 54.59%

Small-town Connections (58% Unreached)

In Small-town Connections, relatively young couples, single and divorced households enjoy an old-fashioned, conservative way of life that's changed little in decades. Predominantly white and high-school educated residents live in older houses and mobile homes. Many work a mix of blue- and white-collar jobs in manufacturing, retail, education and health services. Their lower-middle-class incomes support even lower housing values.

Households: 74
Percent: 17.87%

Comfy Country Living (61% Unreached)

In Comfy Country Living, empty-nesting couples and retirees reside in quiet exurban communities. These households, predominantly white, married and college educated, are above-average in age with roughly one in four being 65 years or older. They're solidly middle-class from a mix of well-paying white-collar and blue-collar jobs in manufacturing, retail and food services. Many residents are pursuing the good life in relatively new houses and mobile homes.

Family Convenience (64% Unreached)

Family Convenience is a collection of sprawling families living in remote towns and military bases. Most of the households contain dual-income couples working at skilled blue-collar jobs in manufacturing and construction as well as in the military. Service families are six times as likely to live here than the general population. Despite moderate educations, the adults in this segment earn upper-middle incomes.

Households: 17
Percent: 4.11%

Hinterland Families (41% Unreached)

Hinterland Families is a collection of families and couples who've settled in isolated towns and villages throughout the South. These mostly middle-aged households are overwhelmingly white, less educated (one-fifth never completed high school) and working-class. They work in a variety of blue-collar jobs in manufacturing, construction, transportation and agriculture. Though most live in inexpensive houses, one-third reside in mobile homes.

Households: 17
Percent: 4.11%

Steadfast Conservatives (69% Unreached)

A quietly aging cluster, Steadfast Conservatives is home to mature singles and couples living in midscale urban neighborhoods. Households tend to be white, high school-educated and middle class. Many have begun to empty-nest or are already filled with couples and singles aged 65 years or older. The seniority of many residents does have benefits in the workplace. They earn middle class incomes from skilled jobs in manufacturing, retail and health.
