### NOTES:

The Communities Summary identifies the top three types of communities in the zip code, the number of households, and the percent of the zip code. Communities are comprised of multiple lifestyle segments.

The Lifestyle Summary identifies the top six lifestyle segments in the zip code, the number of households, percent of the zip code households, and the percent of households that are unreached. Lifestyle Segments are individual groups of people with similar living preferences and patterns.

The numbers in the Evangelscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity. This community needs eternal transformation that only comes by way of the gospel and the working of the Holy Spirit.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the focus community.

Location Composition: Listed are the total number of people and the total number of households in the county.

Cultural bridges are those characteristics that could be used to build relationships with people in the lifestyle group. Various activities, interests, or opinions represented among the consumer behavior characteristics of the lifestyle group offer ways for believers to build relationships with people in the lifestyle group and through that relationship impact them for Christ.

Notes	4

### Rev. 5:9

And they sang a new song, saying: "You are worthy to take the scroll and to open its seals, because you were slain, and with your blood you purchased for God persons from every tribe and people and language and people and nation."

In partnership with:

Households: 955  
Percent: 55.98%

### Urban Communities

The people are poor, struggling and largely single. Some are single parents with large families; most have below-average incomes. Unemployment is double the national average. For the African-American and Hispanic families in Urban Communities, struggling to balance priorities and budgets in a climate of institutional prejudice creates a lack of stability and control. Residing within major metropolitan cities and towns, most households live in apartments.

Households: 546  
Percent: 32%

### Aspiring Communities

Young, ambitious and culturally diverse, they are the evolving voice of American society. In Aspiring Communities, truth is centered around "me" and everything is interconnected. The majority of people in this group are between the ages of 18 – 34. Sixty percent are renting singles; others live on military bases or in college dorms. Members of Aspiring Communities are four times more likely to be unemployed. Of those who work, most live in or conveniently close to metropolitan areas.

Households: 90  
Percent: 5.28%

### Mainstay Communities

The backbone of small towns and second cities, Mainstay Communities are established neighborhoods where residents enjoy strong relational ties. These moderately educated wage earners are employed in well-paying blue collar and professional service jobs. The aging adult population consists of retired American singles and couples. A sense of belonging within the community is a key identity factor for those who live there. Residents go into the city to visit clubs and malls.

## Top Lifestyle Segments in Zipcode 29918

Households: 859  
Percent: 50.35%

### Struggling City Centers (68% Unreached)

Struggling City Centers consists of very low-income households living in city neighborhoods. Home to the highest concentration of African-Americans in the nation-nearly 90 percent of all households-the cluster faces hard economic challenges. One-third of households haven't finished high school, with a similar percentage containing single-parent families. One in five adults are under 35 years old and the median household income is only half the national average.

Households: 542  
Percent: 31.77%

### Minority Metro Communities (74% Unreached)

Minority Metro Communities reflects the nation's growing African-American middle class. With nearly three-quarters of the residents African-American and half the households earning more than \$50,000, this cluster is a testament to high educational achievement and professional employment among African-Americans. Concentrated in inner-ring suburbs, these households earn above-average incomes from a mix of service industry and white-collar jobs.

Households: 75  
Percent: 4.4%

### African-American Neighborhoods (70% Unreached)

Young, working-class city dwellers make up African-American Neighborhoods. About three-quarters of the households are African-American and one in four adults is under 35 years old. This is an economically challenged area characterized by relatively high unemployment, low educational levels and single-parent families. A majority of residents have completed high school or some college, and most are earning their paychecks through jobs in health, education and food service.

### Suburban Advantage (67% Unreached)

When retirement looms, many Americans downsize their housing, seeking out resort-like communities within short distances to major medical facilities. In Suburban Advantage, empty-nesting couples and retirees have moved to middle-class homes and condo developments in dense retirement communities along the Atlantic and Pacific coasts. Most households have college degrees, and, if they're still in the workforce, hold white collar and managerial jobs.

Households: 56  
Percent: 3.28%

### America's Wealthiest (80% Unreached)

America's Wealthiest consists of the nation's most affluent households found in well established suburban communities. With incomes well above the national average, residents represent both old and new wealth, enjoying very comfortable lifestyles and the finer things in life. These households are more than six times likely to be earning \$250,000 or more. Most of the adults are married, middle aged, college educated and predominantly white.

Households: 48  
Percent: 2.81%

### Lower-income Essentials (68% Unreached)

Lower-income Essentials is dominated by aging seniors and empty-nesting couples of modest means. Although small in absolute numbers, the Native American population here is three times the national average. Concentrated in out-of-the-way towns in the Prairies, residents make do with humble lifestyles. The educational levels are often low, with one in five residents never completing high school-about 40 percent above the U.S. average.

Households: 47  
Percent: 2.75%
