### NOTES:

The Communities Summary identifies the top three types of communities in the zip code, the number of households, and the percent of the zip code. Communities are comprised of multiple lifestyle segments.

The Lifestyle Summary identifies the top six lifestyle segments in the zip code, the number of households, percent of the zip code households, and the percent of households that are unreached. Lifestyle Segments are individual groups of people with similar living preferences and patterns.

The numbers in the Evangelscape communicate the most compelling reasons why this community needs churches and believers to intercede in missional prayer and activity. This community needs eternal transformation that only comes by way of the gospel and the working of the Holy Spirit.

Churchscape indicators reveal a snapshot of the extent of evangelical presence in the focus community.

Location Composition: Listed are the total number of people and the total number of households in the county.

Cultural bridges are those characteristics that could be used to build relationships with people in the lifestyle group. Various activities, interests, or opinions represented among the consumer behavior characteristics of the lifestyle group offer ways for believers to build relationships with people in the lifestyle group and through that relationship impact them for Christ.

## Working Communities

Most residents of Working Communities are high school educated. Some have even been to college. Their education affords them lower middle incomes through blue collar jobs in manufacturing, construction, health services, retail, wholesale and food service. These jobs provide a stable household economy supporting personal and family pursuits in everyday life. This ethnically diverse mix of single and married homeowners dwells in densely populated areas and small-town suburbs.

## Mainstay Communities

The backbone of small towns and second cities, Mainstay Communities are established neighborhoods where residents enjoy strong relational ties. These moderately educated wage earners are employed in well-paying blue collar and professional service jobs. The aging adult population consists of retired American singles and couples. A sense of belonging within the community is a key identity factor for those who live there. Residents go into the city to visit clubs and malls.

## Upscale Communities

As the wealthiest households in the nation, upscale communities boast high household incomes, significant home values and top educational achievements. Households in these exclusive suburban neighborhoods are headed by predominantly white, college educated, Baby Boom parents. Most adults work as executives and white collar professionals. They are active members of the community in business clubs, environmental groups and the arts.

## Top Lifestyle Segments in Zipcode 28711

**Steadfast Conservatives** (69% Unreached)  
 A quietly aging cluster, Steadfast Conservatives is home to mature singles and couples living in midscale urban neighborhoods. Households tend to be white, high school-educated and middle class. Many have begun to empty-nest or are already filled with couples and singles aged 65 years or older. The seniority of many residents does have benefits in the workplace. They earn middle class incomes from skilled jobs in manufacturing, retail and health.

Households: 2,025  
 Percent: 35.93%

**Urban Commuter Families** (67% Unreached)  
 Not all families have fled the nation's cities for the far-out suburbs. In Urban Commuter Families, Baby Boomer families and couples are content to live in comfortable, single detached homes in city neighborhoods on the metro fringe. Many of these upscale, college-educated households contain dual-income couples who put in long hours as professionals and managers in retail, health care and education services.

Households: 653  
 Percent: 11.59%

**Family Convenience** (64% Unreached)  
 Family Convenience is a collection of sprawling families living in remote towns and military bases. Most of the households contain dual-income couples working at skilled blue-collar jobs in manufacturing and construction as well as in the military. Service families are six times as likely to live here than the general population. Despite moderate educations, the adults in this segment earn upper-middle incomes.

Households: 569

**Mature America** (81% Unreached)  
 The oldest lifestyle type in the nation, Mature America is home to the Greatest Generation. More than half the residents are 75 years of age or older and a significant percentage are mostly likely to be widows or widowers. Found mostly in city neighborhoods, they typically live in high-rise apartments and assisted living facilities. Many of these households come from humble origins, and more than half never went beyond high school.

Households: 265  
 Percent: 4.7%

**Professional Urbanites** (72% Unreached)  
 Professional Urbanites is a haven for aging singles and couples, an upper-middle-class retirement oasis in the metropolitan sprawl. With most residents over the age of 65, these households have already empty-nested, with their children having gone off to college and work. The adults in this cluster boast college degrees with above-average incomes as white-collar professionals and managers in retail, education and health care.

Households: 183  
 Percent: 3.25%

**Small-town Connections** (58% Unreached)  
 In Small-town Connections, relatively young couples, single and divorced households enjoy an old-fashioned, conservative way of life that's changed little in decades. Predominantly white and high-school educated residents live in older houses and mobile homes. Many work a mix of blue- and white-collar jobs in manufacturing, retail, education and health services. Their lower-middle-class incomes support even lower housing values.
